

NORTHERN IRELAND BIOMEDICAL ENGINEERING SOCIETY

NIBES 2009 Spring Meeting

Date: Wednesday 8th April 2009

Venue: Lanyon Building, Queen's University Belfast.

Invited Speakers:

Professor Fergal O'Brien BA, BAI, PhD (Dubl), CEng, MIEI
Royal College of Surgeons Ireland, 123 St Stephens Green. Dublin 2, Ireland

'Collagen based Scaffolds for Orthopaedic Regenerative Medicine'

Dr. Michael Tunney BSc, PhD (QUB)

School of Pharmacy, Medical Biology Centre, Queen's University Belfast, BT9 7BL

'Improved Detection and Treatment of Prosthetic Joint Infection'

Details:

The 29th Annual NIBES Spring meeting will be held at the Queen's University Belfast on Wednesday 8th April 2009. This year's conference will showcase the research currently underway in Universities from all over Ireland and hopes to continue providing a forum for communication for all of those involved and interested in Biomedical Engineering.

Prizes will be awarded for the best student presentations and the presentation demonstrating the best use of materials. A Young Person's poster competition will also take place during the conference, a prize awarded for the best poster.

Registration:

If you would like to attend the NIBES 2009 Spring Meeting please logon to the NIBES website: www.nibes.org.uk and fill in a registration form.

Further Information:

Dr. Adrian Boyd
(NIBES President)
Nanotechnology and Integrated Bioengineering Centre
University of Ulster at Jordanstown.
E-mail: ar.boyd@ulster.ac.uk

Dr Nicholas Dunne
(NIBES Secretary)
Polymer Research Cluster
School of Mechanical & Aerospace Engineering
Queen's University Belfast.
E-mail: n.dunne@qub.ac.uk
